

ELIZABETH HOUSE

Elizabeth House is an abstinence-only therapeutic living environment. Service users reside in the home for 3 months while engaged in programming that reflects goals relating to personal recovery and living independently after leaving the house.

HOUSING PROGRAMS

PATHWAY

Pathway is an intensive care programs facilitated in a therapeutic living environment that is designed to support individuals in sustaining long term housing.

Our person-centred care plan focuses on building life skills and relationships that are meaningful to the individual and promote safe and stable living environments.

PATHWAY

This program offers security and support to home owners who participate in leasing to EFry Housing.

We aid in the building of a successful relationship between the landlord and tenant so that the service user can independently hold the lease after a period of time.

COMPASS

Compass is a supportive housing search program. Individuals will work one-on-one with a worker to search listings, create ads or contact landlords.

"Housing is a human right. There can be no fairness or justice in a society in which some live in homelessness, or in the shadow of that risk, while others cannot even imagine it."
- Jordan Flaherty
